

God's Promise to Abram

By Arielle Namenyi

Based on the Account in Genesis 15

One day God spoke to Abram through a vision. Abram still had no children, but God promised him that he would have a son. Then God told Abram to look at the stars and said that Abram's descendants will be as many as the stars... innumerable! God also promised to give Abram's descendants the land from the river Egypt to the river Euphrates... even though at the time Abram was just a foreigner in that land.

The Bible says Abram believed God. It must not have been easy to believe that you would have as many descendants as the stars when you are already old and have no children... and also that the land you are in would belong to them even though you are a stranger in it! But that is what it means to have faith in God... believing what He says even though the situation seems impossible! May we always have faith that God will do what He says... He's never failed!
